MEMORANDUM FOR DIRECTOR, PROGRAM B

25X1D  
Confirming our discussion on 23 November, I desire that you arrange to present me with a comprehensive analysis of the current and projected status of the Supermarket concept for countermeasures and the airborne electronics equipment requirements in the OXCART Program. This analysis must include a detailed examination of technical and operating characteristics of each of the [ ] components compared directly against the operational employment concept and the environmental conditions in which this equipment will be used. In addition, you must include a complete description of the estimated impact on the OXCART vehicle performance to include speed, altitude, range, and gross weight, as well as anticipated ECP/ECO's required to accomplish the installation of each of the CM components.
